

Petition: Against Government Handing Out Illegal Drugs (“Safe Supply”)

WHEREAS

- Drug addiction ruins families, communities and lives;
- Providing illegal drugs to addicts would cause more crime, misery, and grief to not only drug addicts but also their communities;
- Drug addicts are better served by increased resources to rehabilitation services and government action to reduce the supply of illegal drugs in Canada.

We, the undersigned *citizens and residents of Canada* call upon the House of Commons to:

- Stop supporting and funding any “Safe Supply” programs;
- Provide more funding for the rehabilitation of drug addicts;
- Increase resources to law enforcement to fight illegal drug use.
